OFFERING #2MATURE PLANTSWINTER FLOWERING PURE WHITE CATTLEYA HYBRIDSLIBRARY
RECEIVED

★ MAR 18 1949 ★

U. S. Department of Agriculture

Here is an opportunity to buy winter flowering pure white Orchid plants at reasonable prices. Some of the plants are now in sheath. They are in magnificent condition. You will have to wait a short time before you get flowers from them this winter.

These plants normally flower for us during February and March, although some have already bloomed this year. They are mature well established plants, some of which are in need of repotting into larger size pots. 5" pots have a minimum of 5 bulbs and leaves. Since we have only a limited number of plants of each cross it would be advisable to indicate a second choice whenever possible.

Prices are F. O. B. Chattanooga. Plants will be shipped via Railway Express unless otherwise directed.

5" Pots	-----	\$20.00
6" "	-----	25.00
7" "	-----	30.00

Add \$5.00 per sheath if plants in sheath are shipped.

	<u>POT SIZE</u>
C. SWAN (C. Edithae x C. Mlle. Louise Pauwels)	5" 6" 7"
